

PCB Assembly as well as
Industrialization & Manufacturing
of Complex Medical and Advanced
Industrial Systems

Manufacturing in the USA, Switzerland & Morocco
More than 35 years of experience
ISO 9001 & ISO 13485, FDA registered

www.valtronic.com

High Quality Standards for
High-mix / Low to mid volume
PCBAs and Complex Systems Assemblies

Industrialization & Manufacturing

**Responsive & predictable
high-mix / low to mid
volume manufacturing**

State-of-the-art technology
Fast turnaround prototyping
Fast production ramp-up
Moroccan facility for competitive costs

Technologies & Competences

SMD/THT
FC (Flip-Chip)
CoB (Chip on Board)
CoC (Chip on Chip)
CoFC (Chip on Flip-Chip)
BGA (Ball Grid Array)
MEMS integration
3D Stacked-Die Technology

**Confirmed expertise in
Micro & Mechatronic,
Manual and semi-automatic assembly
of Complex systems,
and Box builds, as well as in
Custom test processes**

Supply Chain Management

**Partner with us throughout your
product's lifecycle**

Standard components & Custom parts
Complex BOMs (1,000 components)
Management of obsolescence
Full component traceability

Your benefits

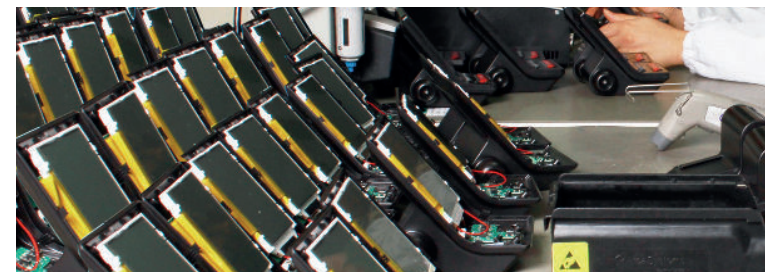

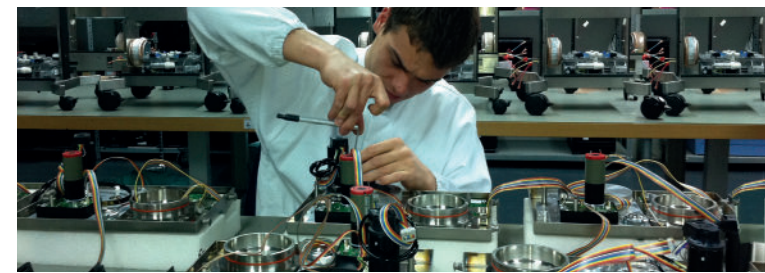

State-of-the-art technology
35 years of experience
Reliability
Long-term partnership

**Highest quality standards to
increase your cost competitiveness,
reduce your time to market
and grow your business**
